Dear JWE Family and Friends,

Welcome to JWE’s Hoedown 2016! We are going to have a boot scootin’ good time this year so kick up your heels and enjoy the day! Make sure to take advantage of all that Hoedown has to offer...food trucks, games, basket raffle, and silent auction!

We are overwhelmed with the wonderful response from many area businesses, families, teachers and friends who have graciously donated items to make this year’s Hoedown a success! From auction items to basket donations, our community has provided generously to this event. Thank you.

We encourage you to patronize the many businesses that support our school through auction donations. Let them know how much we appreciate their support of our school. These generous contributors are the backbone to our auction. Remember money raised from the auction and Hoedown fund the numerous programs PTA provides for our children.

Once again this year we had success with Hoedown Sponsorships. Businesses have sponsored different aspects of Hoedown that allow us to cut down our operating expenses. Be sure to check out the sponsor’s page for more details and please give these businesses a big thank you!

We also want to extend a big thanks to the JWE faculty and families who have kindly donated so much of their time, talents and products to this special event. Their willingness to jump right in and help is truly appreciated. New ideas have been implemented into our annual event to make this year the best to date!

As you prepare for Hoedown, please read through this catalog and see what is available for bidding. Remember that all proceeds from Hoedown support our children and our outstanding school. Grab your family and bring your neighbors; we are excited to share this event with everyone!

See you there!

Christy MacDonald
JWE PTA President
The JWE PTA is very fortunate to have such generous donations and contributions to our fundraising efforts from parents, teachers and community partners. Because of this support, Williams Elementary leads the way in programs and curriculum support in Katy ISD. No other KISD elementary school has the range or abundance of programs geared toward enhancing our children’s education. Our students have the opportunity to participate in many programs, several of which are unique to JWE, that encompass science, music, art, healthy living, math, geography, multi-sensory learning, environmental awareness and reading. We are committed to giving all JWE students a well-rounded educational experience. Our PTA school programs are funded 100% by JWE PTA for which we are extremely proud. We hope you are too!

This letter outlines how and where your PTA funds are spent to supplement our children’s experience at JWE. Please see the list on the back of this page that outlines what our PTA has paid for in the last few years (or will fund in the current school year). These funds supplement Katy ISD curriculum with educational opportunities and items that are not provided by the district.

**HOW DO WE DECIDE WHERE TO SPEND OUR MONEY?**

**BUDGET**

The JWE PTA Budget Committee (currently comprised of Megan Luce, Christy MacDonald, Joy Siebenman, Principal Angel Bateman, Jamie Walther, Beth Spragins, and Rachel Shaffer) meets at the end of each school year to create a budget that itemizes income and expenses for the next school year. This budget ensures that the PTA is held accountable for all spending and also guides our committees to ensure that overspending does not occur.

We look at past budgets, actual income and expenditures, and projected costs for any new programs being introduced. We also enlist the help of parents, teachers and the JWE administration to ensure that we consider all aspects of the learning environment at JWE.

Once the budget is created, it is presented to the PTA Executive Board for discussion (of which there is plenty - we want to make sure we are being smart with your money), and then the budget is presented to the PTA General Membership for approval.

**SPECIAL PROJECTS**

We are conservative when budgeting income from fundraisers to avoid a mid-year budget deficit. This conservative approach often leads to a budget surplus at year-end, and the budget committee discusses and presents a plan for these funds that is voted on by the members of our PTA in the spring of each year. In the past, this surplus was spent on what we call “special projects”. These projects are a wish list of items that are not typically funded by KISD, but would be a great addition to the learning environment at our school. Project ideas are submitted by parents and faculty/staff alike.

**TRANSPARENCY**

All PTA members are entitled to copies of all financial statements and budgets. Please contact Budget Chair Megan Luce (treasurer@jwepta.org) or PTA President Christy MacDonald (president@jwepta.org) with any questions, to request a copy of the budget and/or past special projects lists, or if you want to get involved.

• The bidder must legibly write his/her name (or bid number, if so desired), phone number, and bid amount on the topmost empty line, just below the previous bid. Bids must be hand-written. No pre-printed labels or stamps may be used. If you return to increase your bid, you must make a new entry on the bid sheet. ONLY ADULTS MAY BID!

Ruby is a thief-in-training and a keeper of secrets—ones she doesn’t even know herself. *A Riddle in Ruby* is the first book in a witty and fast-paced fantasy-adventure trilogy for fans for Jonathan Stroud, Septimus Heap, and The Very Nearly Honorable League of Pirates. Ruby Teach, daughter of a smuggler and pirate, has been learning how to swindle and steal and pick the most complex locks for as long as she can remember. But a collision with aristocratic young lord Athen sends her spinning into chaos. Little did she know that her whole life has been spent in hiding from nefarious secret societies and the Royal Navy . . . who are both now on her trail. In this debut middle grade adventure, Kent Davis weaves a rip-roaring tale through an alternate colonial Philadelphia. A world where alchemy—that peculiar mix of magic and science—has fueled the industrial revolution. With this highly original setting, a cast of fully rounded characters and rapid-fire, funny dialogue, *A Riddle in Ruby* will call to mind fantasy greats like Diana Wynne Jones and Terry Pratchett.

In this instant New York Times bestseller, Misty Copeland makes history, telling the story of her journey to become the first African-American principal ballerina at the prestigious American Ballet Theatre. But when she first placed her hands on the barre at an after-school community center, no one expected the undersized, underprivileged, and anxious thirteen-year-old to become one of America’s most groundbreaking dancers. With an insider’s passion, Misty opens a window into the life of an artist who lives life center stage, from behind the scenes at her first classes to her triumphant roles in some of the world’s most iconic ballets. A sensational memoir as “sensitive” and “clear-eyed” (The Washington Post) as her dancing, *Life in Motion* is a story of passion, identity and grace for anyone who has dared to dream of a different life.

Ben Ripley enrolls in ski school, where the slopes, and the stakes, get really steep in this follow-up to the Edgar Award-nominated Spy School, Spy Camp, and Evil Spy School. Thirteen-year-old Ben Ripley is not exactly the best student spy school has ever seen—he keeps flunking Advanced Self Preservation. But outside of class, Ben is pretty great at staying alive. His enemies have kidnapped him, shot at him, locked him in a room with a ticking time bomb, and even tried to blow him up with missiles. And he’s survived every time. After all that unexpected success, the CIA has decided to activate Ben for real. The Mission: Become friends with Jessica Shang, the daughter of a suspected Chinese crime boss, and find out all of her father’s secrets. Jessica wants to go to ski school in the Rocky Mountains, so a select few spy school students are going skiing too—under cover, of course. Ben might not be able to handle a weapon (or a pair of skis), but he can make friends easy peasy. That is, until his best friend from home drops in on the trip and jeopardizes the entire mission...
